SUMMARY

Results driven problem solver who thrives in a fast-paced, challenging environment. Appreciates being surrounded with coworkers who are passionate about their workplace and excited to be working. Applies strong critical thinking skills to make abstract concepts and ideas tangible. Determined worker who will deliver results above expectations. Goal oriented with superior time-management skills. Seeking work that will take advantage of my skills and work ethic, teach me new skills and knowledge, and allow me to make meaningful contributions.

EDUCATION

University of California, Berkeley

Major: Industrial Engineering and Operations Research

The Hotchkiss School

High School Diploma

Berkeley, CA

Expected Spring 2020

Lakeville, CT

June 2014

AWARDS AND EXTRACURRICULAR INVOLVEMENT

Boy Scouts of America

Eagle Scout

Bishop, CA

2007-2014

- My Eagle Project consisted of constructing a quarter-mile long nature trail in my local community. On the trail were two cut metal signs, a bench for visitors, and gravel ramps built up to an existing bridge.

Hotchkiss Alumni Association

Regional Ambassador

San Francisco, CA

2015-Present

- Organizing informal alumni events, supporting alumni office with formal events, and developing ways to connect with local alumni base.

WORK EXPERIENCE AND PROJECTS

- **Intern at The Bar Method** June 2015 – August 2015
 - Used Sitewise software to aid in organizing and digitizing over 90 franchise territories. Learned about how Franchise companies are run and the strategies used to expand and grow.
- **Cofounder of Bot Systems** October 2014 – June 2015
 - Created a startup company centered on the idea of making daily processes automatic. Developed and sought out funding for a drone fully operable over the cellular network, integrated into an augmented reality platform with a 360 degree capture system.
- **Intern to the Lieutenant Governor of Alaska** June 2013 – August 2013
 - Worked with a few agencies in Washington DC to draft guidelines for legislators regarding unmanned aerial vehicles (drones). Worked in Anchorage with Alaska Magazine and the office of the Lt. Governor.
- **Camp Whitsett Trading Post Clerk** May 2011 – September 2011
 - Carried out tasks required to keep camp trading post open and running. These included: running the cash register, moving stock from back room to shelves, keeping track of stock, helping customers, and keeping track of trading post finances day to day.
- **Cellular Controlled Quadcopter** October 2014 – April 2015
 - Fully operable over the cellular network integrated into a drone OS and virtual reality platform
